

MARIONETTE  
— COMPANY —  
INC

## ABOUT US

Marionette Company, Inc has various activities divided under three main verticals –Manufacturing, Distribution and Services. Headquartered in Atlanta, GA, the group operates in America to meet the Industrial Sewing Threads & Industrial Yarns requirements of several important industries such as cordage, industrial fabrics, electronic communications, automotive, aerospace, mattress, furniture, sporting goods, leather, footwear, filtration, lifting, geo textile, webbing, material handling and many more.

## DISTRIBUTION

We have obtained the confidence of our American customers as a quality supplier of various industrial yarns for over 35 years. We utilize our vast global exposure, connectivity and knowledge to establish close ties with the ancillary units and create a good distribution platform for our customers - a vast group of leading manufacturers. Dedicated and trained staff oversee the development, manufacturing, quality, packaging and shipment of the goods to our customers.

## MANUFACTURING

We have two manufacturing plants in U.S.A producing a full line of twisted and dyed yarns for textile and industrial applications including sewing threads and prewound bobbins. We are amongst the very few left in the U.S.A market in this industry with vertical capabilities in the yarn processing industry.

**WITH OVER 35 YEARS OF MANUFACTURING & DISTRIBUTION EXPERIENCE,  
WE HAVE THE EXPERIENCE AND EXPOSURE TO HANDLE GLOBAL PROJECTS  
AND UNDERSTAND THE NEEDS OF OUR CUSTOMERS BETTER.**

## STAPLE FIBERS

Staple fibers are used in a wide range of textile applications such as automotive, carpet, geo textile, upholstery and various other markets. Marionette Company, Inc offers broad range of fibers i.e. Polyester, Nylon, Rayon, Polypropylene and Acrylic.
